

Masters in Supply Chain Management (Online)

Advance your career in one of the fastest-growing areas of business

The **Master in Supply Chain Management** program is an innovative, solution-oriented 30-credit Master's degree that can be instrumental in taking you to the next level in your career.

Like our traditional face-to-face graduate programs Rutgers Business School has been recognized for delivering the best online graduate programs in the country, ranked #14 in the nation in the 2016 *US News & World Report* survey for the “**Best Online Graduate Business Programs.**” We provide the same top quality instruction in a more convenient online delivery structure.

The Master of Supply Chain Management program is 100% online. There are no in class courses and hence there is no requirement to be on campus during the entire duration of the program. The program is designed to be completed online anytime, anywhere, in a highly interactive setting.

*Classes will be held
100% online*

Faculty Profile: **Arash Azadegan**

Professor Azadegan focuses on research related to supply chain disruptions, response and recovery from disruptions and inter-organizational creativity and innovation. Dr. Azadegan manages

the Supply Chain Disruption Research Laboratory (SCDrI) at the Center for Supply Chain Management.

Dr. Azadegan has over ten years of industry experience with Fortune 500 companies, including Ford Motor Company, Quaker Oats, Ralston Purina and Fortune Brands (makers of Masterlock) as a means for grounding his research into what is useful for practitioners. He is an active member of the Decision Sciences Institute, and an officer (treasurer) with the Academy of Management - Operations Management Division.
