Pharmaceutical Management MBA
Come with your passion, leave with your career

Over the last decade, some of the most exciting advances in healthcare have been the result of pharmaceutical research and development. These life-enhancing discoveries have fueled amazing growth in this multi-billion dollar global industry, creating a new demand for talented, motivated individuals with a special knowledge of the healthcare and pharmaceutical industry. Designed to answer this need, the Rutgers MBA in Pharmaceutical Management is a unique gateway to one of America’s most respected and socially beneficial industries.

With a curriculum that is constantly changing to meet current demands of the market, this cutting edge program provides students with the tools they need to become true leaders in the pharmaceutical industry.

New Jersey’s Connection to Industry

Rutgers Business School has turned a geographic advantage into a top MBA in Pharmaceutical Management program. The greater New Jersey area is in the heart of the bio-pharma corridor: nowhere in the world will you find a greater concentration of pharmaceutical companies.

Employment Outcomes

Close to the many top pharmaceutical companies and hospitals located in New Jersey, New York City, Philadelphia and Washington, D.C., an MBA in pharmaceutical management from Rutgers provides excellent job opportunities with the best corporations in the northeast. Rutgers is the #1 Public MBA program in the New York City metropolitan area and ranked #18 in employment nationwide by U.S. News & World Report, 2013.

Located in the heart of New Jersey’s bio-pharma corridor, Rutgers uses its geographic advantage to collaborate with global pharmaceutical companies.

MBA students who concentrate in pharmaceutical management have a unique opportunity to make connections and gain work experience to help advance their careers in the competitive healthcare industry.

Whitney Lesch, MBA ’10, Pharmaceutical Industry Scholar; Manager, Bristol-Myers Squibb.

Rutgers Pharma MBA ranked Top 10 in the world

Rutgers Business School’s MBA in Pharmaceutical Management has been recognized as one of the top 10 MBA programs for Health Care/Pharmaceuticals/Biotechnology in the world according to Find-MBA.com.

Concentrating on business schools that would best help MBA graduates land internships and jobs focused in health care, pharmaceuticals and biotechnology, Rutgers Business School drew praise for being “close to big pharma companies like Johnson & Johnson and Bristol-Myers Squibb, as well as several large hospitals.”

The list puts Rutgers Business School in the company of other top business schools around the world:

- Boston University
- Columbia
- Copenhagen Business School
- Rutgers Business School
- IMD
- Harvard
- Duke - Fuqua
- UPenn - Wharton
- Minnesota - Carlson
- Vanderbilt - Owen
Rutgers students compete in case competitions around the country providing excellent networking opportunities with companies and other business schools. A team of Rutgers MBA students placed third at the 3rd Annual Biotechnology Conference and Case Competition hosted by Wake Forest at their campus in Winston-Salem, North Carolina.
