SAP Consultant Certification Course

The Department of Supply Chain Management & Marketing Sciences at the Rutgers Business School is planning on an SAP Consultant Certification course in summer (July or August) 2014. Successful completion of the course will result in SAP consultant certification, recognized world-wide, directly from the SAP Corporation.

Name of the Certificate

SAP Certified Business Associate: mySAP ERP – Integration of Business Processes with SAP ERP 6.0 EhP5

Time Frame

Summer 2014 (Date TBD)

Goals

At the end of this course you will be able to:

- Explain the organizational structures used in each business process
- Identify the key master data which must be maintained to execute each business process
- Discuss the ERP transactions required to complete each business process cycle
- Identify the key integration points between the different business disciplines supporting each business process cycle

Audience

This course is appropriate for:

- Customers and consultants who are new to the SAP ERP solution
- Customers and consultants with expertise in a specific ERP business process area who want to expand their general knowledge of all business processes
- IT professionals who will be supporting the business processes used by their organizations.
- Project team members, who need an understanding of the key integration points between business disciplines supporting business process cycles.
- Power/Super Users and End Users who want a better understanding of the total business process cycle.

Software

Presentations, demonstrations, and practice exercises will be carried out using:
○ SAP ERP 6.0 EhP5
○ BW 3.5

Content

Through instructor presentations, system demonstrations, and hands-on exercises

You will be introduced to:

○ The basic structures; organizations, master data, etc.: used throughout SAP
○ NetWeaver as a technology infrastructure supporting ERP business processes
○ NetWeaver Business Intelligence (BI) as a reporting and analysis tool

You will learn the basic business processes used in:

○ Financial Accounting
○ Management Accounting
○ Human Capital Management
○ Procurement
○ Inventory Management
○ Material Planning
○ Manufacturing Execution
○ Plant Maintenance
○ Customer Service
○ Lifecycle Data Management
○ Sales Order Management
○ Program & Project Management

Cost

This course, if taken outside will cost around $6K. Because of our unique advantage, we can subsidize the cost. The cost is variable. The more students we have, the lower the cost.

Prerequisites

Fundamentals of SC Solutions with SAP or ERP/SAP I, and ERP/SAP II at Rutgers
(If you only finish one of them, but plan to take the certification course, you MUST work closely with Dr. Lian Qi before the training.)
