# CENTER FOR RESEARCH IN REGULATED INDUSTRIES

The **Center for Research in Regulated Industries**, located at Rutgers University, aims to further the study of regulation by research in economics, finance, and institutions. Its publications, seminars, workshops, and courses make available the latest advances to academics, managers, and regulatory commission staff. The Center has almost twenty years of experience providing research, instruction, conferences, courses, seminars and workshops in the economics of network industries. The Center's *Journal of Regulatory Economics* is an international scholarly bi-monthly publication intended to provide a forum for the highest quality research in regulatory economics.
