

Rutgers Business School

Master of Financial Analysis

A year-long master's to a CFA

If becoming a Chartered Financial Analyst is one of your career goals, this program will help you get there. The Rutgers Business School **Master of Financial Analysis (MFinA)** is 33 credit, STEM-designated program focusing on analytical and quantitative skills, and financial management.

Rutgers is one of only 53 CFA Institute Affiliate Schools to offer a one-year master degree that helps prepare students to take the CFA exam.

As a partner school of the CFA Institute, our program objective is to prepare you to successfully take and pass all levels of the Chartered Financial Analyst (CFA) exam. Whether pursuing full-time or part-time study, our courses ensure you are learning the necessary materials to take the exam and begin an exciting career in finance.

Classes are held at 100
Rockefeller Rd in New
Brunswick, 41 km to NYC.

Faculty Profile: Kwame Adu-Gyamfi

Kwame Adu-Gyamfi is an Assistant Professor of Professional Practice in the Finance and Economics Department and the Director of the Master of Financial Analysis program at Rutgers Business School. Professor

Adu-Gyamfi currently teaching Security Analysis, Intro to Finance and Corporate Finance at the Newark campus of RBS.

Dr. Adu-Gyamfi's research interest lies in corporate finance, banking, and international finance and how it affects our global economy. Dr. Adu-Gyamfi obtained his doctorate degree in Finance from the Rutgers University Business School. He was a member of the inaugural Rutgers Doctoral of Business Administration program. He holds an MBA from the Cornell University Johnson Graduate School of Management and a BBA (Accounting and Finance) from Adelphi University.

Dr. Adu-Gyamfi is a seasoned investment banker with extensive industry experience working for global banks and financial institutions. He brings a deep knowledge of the finance world into academia.

Curriculum

The program is designed to cover over 70% of the material included on the CFA Level I exam. Included in the curriculum, instructors from the New York Chapter of the Chartered Financial Analyst Institute will teach a four-day intensive CFA review session at our campus in late May. This allows students to identify areas they need to work on before the CFA exam in June. The degree program is designed to not only prepare students academically, but also to provide a way for international students to improve their English proficiency and presentation skills by taking a Summer Intensive Business English language program.

“One of the most valuable things to which I was exposed, was how to create a financial model from scratch in order to derive a target price for the company.”

– Neel Patel,
Financial Analyst, JP Morgan Chase

Admissions

We seek a diverse student body to bring to the classroom varying experiences and backgrounds. The program admits those students who, in the opinion of the Graduate Admissions Committee, show promise of succeeding in the program. Primary consideration is given to the applicant's scholastic record and the GRE or GMAT score. Other considerations include professional work experience, professional appraisals, civic leadership and extracurricular participation.

Career Outcomes

Employers recognize the CFA charter as a reliable way to differentiate the most qualified and determined job applicants, frequently listing the CFA charter as a requirement for certain positions. Graduates have started their careers at some of the leading financial institutions, including; Bloomberg, HSBC, JP Morgan Chase, Morgan Stanley, and State Street.
