

Dr. Kemal Gürsoy

CONTACT INFORMATION	Rutgers Business School Newark & New Brunswick Rutgers University 100 Rockafeller Road, Room 5146 Piscataway, NJ 08854 USA	<i>Tel:</i> +1-848-445-9242 <i>Fax:</i> +1-732-445-1133 kgursoy@business.rutgers.edu sites.rutgers.edu/kemal-gursoy
TEACHING INTERESTS	<ul style="list-style-type: none">• Statistics and Probability• Mathematical Statistics• Operations Management	RESEARCH INTERESTS <ul style="list-style-type: none">• Stochastic Optimization• Random Geometry• Topological Statistics
EDUCATION	<p>M.B.A., 2002, Rutgers University/RBS, Newark/New Brunswick, NJ, USA</p> <ul style="list-style-type: none">• Area of Study: Management Science & Information Systems• Specialization: Operations Management. <p>Ph.D., 1997, Rutgers University, NJ, USA</p> <ul style="list-style-type: none">• Dissertation: <i>Branch and bound methods for sequentially choosing among competing projects</i>• Dissertation Adviser: Professor Michael N. Katehakis• Areas of Study: Management Science & Information Systems, Statistics <p>M.S., 1987, University of Pennsylvania, Philadelphia, PA, USA</p> <ul style="list-style-type: none">• Area of Study: Systems Engineering• Specialization: Artificial Intelligence & Robotics, Decision Sciences & Information Systems <p>B.S., 1980, M.S., 1981, Middle East Technical University, Ankara, Turkey</p> <ul style="list-style-type: none">• Master's Thesis: <i>Time-varying parameter estimation with extended Kalman filters for adaptive control applications</i>• Thesis Adviser: Professor Halil Ö. Gülcür• Areas of Study: Electrical Engineering, Mathematics• Specialization: Adaptive Systems, Stochastic Control Theory, Applications of Algebraic Geometry, Differential Geometry and Lie Algebra for Nonlinear Dynamic Systems.	
TEACHING EXPERIENCE	<p>Associate Professor of Professional Practice September 2019 - present</p> <p>Assistant Professor of Professional Practice September 2014 - July 2019</p> <p>Instructor September 2013 - July 2014</p> <p>Rutgers University/RBS, Department of Management Science and Information Systems, Newark and New Brunswick campuses, New Jersey</p> <ul style="list-style-type: none">• Lectured Statistical Methods In Business. Authored many pages of course material archived at http://www.rci.rutgers.edu/~kgursoy• Attended DIMACS Seminars.• Attended MSIS Department Seminars.• Attended Applied Probability Society Seminars. <p>Visiting Professor Summer terms, 2000-present</p> <p>Bogazici University, Department of Mathematics, Istanbul, Turkey</p> <ul style="list-style-type: none">• Authored many pages of course material archived at http://www.math.boun.edu.tr/instructors/visitors/gursoy/gursoy.htm• Lectured Probability Theory, Mathematical Statistics, and Multivariate Statistical Analysis	

- Part Time Lecturer** 1/2010-12/2012
Rutgers University, Department of Statistics, Piscataway, NJ
- Lectured Theory of Probability, Theory of Statistics, Statistics for Research, Multivariate Statistical Analysis, Statistical Quality Control
 - Authored many pages of course material archived at <http://stat.rutgers.edu/~kgursoy>.
- Associate Professor** 9/2005-8/2008
Kean University, Department of Management Science, Union, NJ
- Lectured Statistical Methods In Business, Operations Management
 - Authored many pages of course material archived at <http://kean.edu/~kgursoy>.
- Assistant Professor** 9/1996-8/2005
Long Island University, Department of Managerial Sciences, Brooklyn, NY
- Lectured Statistical Methods In Business, Operations Management, Information Systems, Business Economics, Time-Series Analysis, Corporate Finance, Mathematical Models for Finance.
 - Authored many pages of course material archived at <http://liu.edu/~kgursoy>.

HARDWARE AND SOFTWARE SKILLS Computer Programming:

- **FORTRAN, C**

Numerical Analysis:

- **Maple, R, SAS**

Skills :

- Linear algebra, differential equations, Monte Carlo analysis, nonlinear numerical methods, statistics, probability, stochastic optimization.

Desktop Editing and Productivity Software:

- Microsoft Office, OpenOffice.org, LibreOffice, Corel WordPerfect, Google Docs
- Vim, Emacs, Eclipse
- \TeX (\LaTeX , \BIBTeX , PSTricks)

Operating Systems:

- Microsoft Windows family,
- Apple OS X,
- Linux, BSD, and other UNIX variants

CONFERENCE
PRESENTATIONS

- [1] On Dynamic Systems and Kalman Filter Estimation, Fall 2020 INFORMS Annual Conference, November 2020 (On-Line).
- [2] Geometric Statistics: Topological Data Analysis, Fall 2020 INFORMS Annual Conference, November 2020 (On-Line). *Chaired the Data Driven Methodologies for Decision Making Session.*
- [3] Shape theory and Topological Statistics, Fall 2019 INFORMS Annual Conference, October 2019, Seattle, WA.
- [4] Predicting and Managing Sustainability, Fall 2018 INFORMS Annual Conference, November 2018, Phoenix, Arizona.
- [5] Extended Kalman Filter for Predicting Sustainability, Fall 2017 INFORMS Annual Conference, October 2017, Houston, Texas. *Chaired the Technology Management Session.*
- [6] How to Measure and Predict Sustainability? Oxford Business and Economics Conference, July 2017, Oxford University, Oxford, UK.
- [7] Random Dimensional Spaces, INFORMS Annual Meeting, November 2016, Nashville, Tennessee.
- [8] Moments of a Random Set, INFORMS Annual Meeting, November 2015, Philadelphia, Pennsylvania.
- [9] On Maximizing the Availability of Systems Composed of Repairable Components, 18th INFORMS Applied Probability Society Conference, July 2015, Koc University, Istanbul, Turkey.
- [10] Optimal Procurement: Case of A Cost Conscious Manufacturer, Fall 2014 Annual Meeting of INFORMS, San Francisco, California. *Chaired the Inventory Management Session.*
- [11] Optimal Selections among Competing Projects, Conference on Business & Economics Program, July 2014, Cambridge University, Cambridge, UK.
- [12] Influential Multi-Armed Bandits, Fall 2007 Conference of INFORMS, Seattle, Washington.
- [13] Random Graphs and Restricted Second Order Logic, Fall 2006 INFORMS Conference, Pittsburgh, Pennsylvania.
- [14] Evolving Bayesian Graphs, Fall 2005 INFORMS Conference, San Francisco, California.
- [15] Residuals for k-Step-Ahead Controlled Processes and Related Monitoring Problems, July 2003 INFORMS Conference, Istanbul, Turkey. *Chaired the Health Care Session.*
- [16] Alignment of Mammogram Pairs, Fall 2002 IEEE 2nd Joint EMBS-BMSE Conference, Houston, Texas.
- [17] Approximating the Stochastic Diffusion Equation by an Ordinary Differential Equation, Fall 2001 INFORMS Conference, Miami, Florida. *Chaired the Probability Session.*
- [18] Models of Repair Allocations in Discrete Time, Fall 2000 INFORMS Conference, San Antonio, Texas. *Chaired the Queuing and Inventory Control Session.*
- [19] Utilization of Statistics to Understand Causality, Spring 2000 INFORMS Conference, Salt Lake City, Utah.
- [20] On Maximizing the Reliability of Series Systems in Discrete Time, Fall 1999 INFORMS Conference, Philadelphia, Pennsylvania.

- [21] What We Could Use: Chaos Theory vs. Time-Series Analysis, 1998 International Conference of The Academy of Business Administration, July, Barcelona, Spain. Chaired the Stochastic Processes and Their Applications Session.
- [22] How to Treat All The Patients and Acquire Sufficient Information About the Treatment Effect, 1997 Conference of The Academy of Business Administration, April, Cancun, Mexico.
- [23] Hub and Spoke System Design with Concave Cost, Fall 1996 INFORMS Conference, Atlanta, Georgia.

AWARDS

- Rutgers University Open and Affordable Textbook Grant, 2017-2018.
- Rutgers Business Governing Association Best BAIT Professor Award for 2016-2017.
- RBS Teaching Excellence Award for 2016-2017.

ACADEMIC SERVICE

Rutgers University Senate, Student Affairs Committee
From 2017 to present.

Rutgers University Senate, Faculty and Personnel Affairs Committee
From 2014 to 2017.

Rutgers University, SAS Honors Program
Faculty Mentor.

RBS, New Brunswick Academic Standing Committee
Member.

RBS, MSIS Dept., PEC Committee
Member.

RBS, MSIS Dept., Teaching Methods and Innovations Committee
Member.

The Business Analytics and Information Technology Society
Participated in many activities of this Rutgers University Student Society.

Second, Third, and Fourth Rutgers Applied Probability Conferences
Member of the organization committees.

ADVISING RESEARCH PROJECTS

Rutgers University, RBS Newark and New Brunswick, MSIS Department, MITA Program, Graduate Students:

- Nidhi Mannadier, "Neural Networks for Text Classification," Spring 2019
- Saachi Hemal Shah, "Customer Transaction Prediction," Spring 2019
- Laksha Sahai, "Real-Time Credit Card Fraud Detection," Fall 2019
- Siddesh Rajesh Inamdar, "Cloud Hosted Business-Data Driven BI Platforms," Fall 2019
- Abhijit Sundararajan, "Telecom Customer Churn Prediction," Fall 2019

ADVISING THESES

Rutgers University, RBS Newark and New Brunswick Honors Program, Undergraduate Students:

- Swetcha Ananthu, "Comparative Time-Series Analysis of New Jersey's Seasonally Adjusted and Seasonally Unadjusted Unemployment Rates from 2010 to 2020," May 2020.
- Amanda Phu, "The Effect of Coronavirus-19 Pandemic and Vaccination Process on New Jersey Businesses," work in progress.

MENTORING

School of Arts and Sciences Honors Program Faculty Mentor

Undergraduate Mentee Student:

- Arya Patil, From Fall 2020 to present.

PROFESSIONAL
SERVICE

Rutgers University Honors College 2021 Spring Semester Large Assembly Colloquium

- Panelist, Representing Rutgers Business School, Newark and New Brunswick:
"Connections of Different Fields of Academia and Interests, Research and Other Activities"

Conference Service

- Chair of Several INFORMS sessions
- Chair of Several Academy of Business Administration sessions

Reviewer for Journals

- Annals of Operations Research
- Naval Research and Logistics
- Probability in the Engineering and Informational Sciences

Peer Review of Books

- Several book reviews on Information Systems, Operations Research, Experimental Mathematics, and Statistics for the AMS, Prentice Hall, John Wiley, and McGraw-Hill publishing companies, since 1996
- *Causality*, by J. Pearl, Cambridge University Press, 2000

OTHER
PROFESSIONAL
ACTIVITIES

- Academic advisor of the RBS, The Business Analytics and Information Technology Society, from 2020.
- Academic advisor of the Rutgers Business School Teams for the Johnson & Johnson University Case Competitions, 2014, 2015, 2016, and 2017.
- Academic advisor of the Kean College Society for the Advancement of Management, from 2005 to 2008 .

PROFESSIONAL
MEMBERSHIPS

- ***INFORMS, The Institute for Operations Research and the Management Sciences***
Member since 1996
- ***APS, Applied Probability Society***
Member since 1996
- ***AMS, American Mathematical Society***
Member since 1992

CITIZENSHIP

Citizen of the **USA**.
