Part-Time MBA Concentration in Accounting

Prepare to succeed in your Accounting Career

The Accounting Part-Time MBA at Rutgers Business School provides the skills needed to prepare students for careers across a spectrum of industry sectors, including finance, taxation, and accounting. The accounting curriculum integrates management skills with accounting theory and practice. Our program focuses on developing ethical business leaders ready to face the challenges of a dynamic global economy.

The accounting concentration is currently offered only in the Part-Time MBA program, and provides broad professional competence and skills to prepare graduates for the Uniform CPA examination. Courses are offered on the New Brunswick and Newark campuses, and at our off-site locations (Jersey City and Madison) with some courses available online. Courses can also be taken through the MBA in Professional Accounting program, which is only offered during the day on the Newark campus.

Career Advantages

In this concentration, exclusive to the Part-Time MBA program, you will focus on one of two areas: CPA Exam Content—where you’ll gain the knowledge and skills needed to succeed on the Uniform CPA exam—or Taxation.

Whichever area you choose, our program prepares you to step confidently into an accounting career across a spectrum of industry sectors—from finance to taxation and accounting.

Our Accounting concentration MBAs are highly sought-after graduates with easy access to New York City. We have more than 130 alumni working as partners and principals in the Big Four accounting firms. From actuaries to auditors to tax accountants and analysts, the career possibilities available to you abound.

Careers:

- Actuary
- Tax Auditor
- Internal Auditor
- Cost Accountant
- Collections Agent
- IRS Investigator
- Credit Analyst
- Financial Investment Analyst
- Tax Accountant

Curriculum

Our accounting curriculum integrates management skills with accounting theory and practice and focuses on developing ethical business leaders ready to face the challenges of a dynamic global economy. Built with flexibility in mind, accounting MBA concentration courses are offered on the Livingston and Newark campuses, and at our satellite locations in Jersey City and Morristown, with some courses also available online. Courses can also be taken through the MBA in Professional Accounting program, which is offered during the day on the Newark campus.

“...The Accounting Part-Time MBA at Rutgers Business School is by far one of the best ways to change careers for anyone looking to get ahead in today’s business world. I chose accounting because of the many career opportunities in the accounting field. While interning at Intercept Pharmaceuticals in the accounting department, we received approval on a drug, the stock surged 400% and we rang the closing bell at the NASDAQ.”

– Eric Chambers, MBA Alumnus
