OR	
33:799:421-Co-op in Supply Chain Management (3)**	<i>(pre-req: 33:799:301)</i>

3 Supply Chain electives (9)***

(The rules on this sheet will be effective for students entering RBS in Fall 2016 and onwards).

*Students should note that there are two introductory Finance courses. Financial Management for Finance Majors (33:390:310) will be for those who intend to major in Finance. Financial Management (33:390:300) will be for those who have no intention of pursuing finance. Students planning to double major in Supply Chain and Finance should take Financial Management for Finance Majors (33:390:310) instead of Financial Management (33:390:300). Students who switch into the Finance major will also need Finance 310. Credit will not be given for both courses, so, if students have any interest in pursuing Finance, they should take Finance 310. Otherwise, Finance 300 will be sufficient.

**Students can take a maximum of 6 experiential credits to count towards their major from among these three categories: Industry Client Projects, Internship in Supply Chain Management, and Co-op in Supply Chain Management. Three credits will count towards the required section and three credits towards electives. An additional six credits can be counted towards general elective credits towards graduation.

***For a list of SCM electives, please see SCM website or Degree Navigator.

Credit will not be given for Management 301 if Principles of Management 300 has already been completed.

Please note that if you are a double or triple major in Business School departments, and are utilizing a particular course to count for a requirement in each of two majors, you are only permitted to do this "double count" ONE TIME, in RBS. Once you have utilized your one opportunity to "double count" a course between two majors, you will have exhausted this possibility for the remainder of your Bachelor's degree. One "double count" possibility, per student.

SUPPLY CHAIN MANAGEMENT

FIRST SEMESTER COURSE RECOMMENDATIONS

The courses listed below are recommended for a first semester, declared Supply Chain Management major.

33:011:300	Business Forum
33:136:385	Statistical Methods of Business
