‘I’m Not a Scientist’—Is That a Firing Offense?

<https://www.wsj.com/articles/malpass-not-a-scientist-climate-change-denier-gore-kerry-world-bank-11664485974>

Letters to the Editor
October 1, 2022

John Kerry, Al Gore and the New York Times wrap themselves in a toga of morality for their position on climate change. They ought to visit India or Africa or South America to see the naked truth—what the lack of affordable energy does to the lives of the poor. I’m glad that Mr. Malpass isn’t buying their arguments.
